### Profile

Skilled and experienced full-stack developer with 5+ years of experience in building effective and user-friendly websites and applications. Proficient in front-end and back-end development, API integration, and database management. Committed to providing simple solutions to complex problems using modern technologies like React.js, Node.js, and MongoDB.

### Experience

#### Full-Stack developer

Programming Hero | Dhaka, Bangladesh  
June 2024– Present

Boosted website performance by 60% through code optimization and server-side logic, and developed a custom e-commerce platform and a company portfolio site.

#### Electronics Project

Electronics BD | Farm-Gate, Dhaka  
March 2023 – June 2024

Designed and built custom electronics projects, produced a series of project video tutorials that demystified complex hardware for a global audience.

### Education

#### Diploma In Engineering on CST

Rangpur Polytechnic Institute | Rangpur, BD  
Started: 2023

### Portfolio

#### Responsive E-commerce Site for 'Urban Outfitters':

Transformed their online presence with a fast-loading, responsive site and an intuitive user experience.

#### Custom CRM Platform for 'Innovate Solutions':

Developed a new CRM system from back-end logic
